Relief Printing continued...

4. Use a registration method.
   Place block in smaller rectangle and line up the corners of the paper with the larger one.

5. Burnish with your palm.
   Use one hand to keep the paper in place and the palm of the other to burnish, or rub, the back of the paper to transfer the ink to the paper.

6. Pull up the print.
   Use clean hands to gently pull the print off the block to reveal your finished print.
